

**NORTEMPRESA**

PERFUME LAB

## ABOUT US

NORTEMPRESA PERFUME LAB, is a Portuguese company, located at Braga and it was founded in 2006.

It started to be a company only dedicated to Perfumery, where we created different types of perfumes and home fragrance products (candles, air fresheners).

The company growth has allowed us to expand, and today we are able to produce Cosmetic Products.

With an experienced team and a laboratory prepared with the highest technology equipment, we are proud to provide products with excellent quality to all our clients.

We are a flexible company that can adjust to the needs of each client, because we know that each one is special. Each product that we do is unique.

Every product that leaves our company is part of us.

## MISSION

Our aim is to work with customers to deliver creative and customized products.

## VISION

Our focus is to create products, based on innovation, technology and sustainable solutions
